**East Cambridge Savings Bank Partners with Cambridge Energy Alliance
to Offer Energy Efficiency to Cambridge Residents**

CAMBRIDGE, MASSACHUSETTS - East Cambridge Savings Bank is pleased to partner with Cambridge Energy Alliance (CEA) in providing innovative lending that will allow Cambridge residents new options to enhance their homes' energy performance. Whether residents are interested in replacing home windows, upgrading thermostats, or improving their homes' heating system, new Energy Efficiency Loans through East Cambridge Savings Bank will cover the expenses for CEA projects up to \$25,000. The Bank is offering these loans at special rates to qualified borrowers.

By taking steps to improve the energy efficiency of their homes, Cambridge residents may benefit from reduced energy costs while promoting a healthier environment.

"Teaming with CEA to offer Energy Efficiency Loans was a great opportunity for us to further our financing commitment to the needs of our neighbors and the improvement of our communities," said Arthur C. Spears, President and Chief Executive Officer, East Cambridge Savings Bank.

East Cambridge Savings Bank is accepting applications for unsecured energy efficiency residential loans for owners of 1-6 family owner-occupied properties that have obtained a cost estimate for energy improvements through CEA.
